## Occupational Curricula Listing

December 12, 2018

Community Literacy of Ontario has consistently heard from its members that occupational curricula are popular with learners with employment goals.

Accordingly, we decided to research and compile a summary of how literacy educators are working with select occupational curricula in diverse LBS agencies.

We conducted internet research, a survey and a focus group, and also held key informant interviews. Based on this research, we wrote a helpful guide that explores the use of occupational curricula in 15 different LBS agencies and regional networks in Ontario.

Thank you to everyone who so kindly supported and participated in our research!

Community Literacy of Ontario is very pleased to share our newest resource: "[Overview of 15 Occupational Curriculum Used in LBS Agencies](#)"
