Updates to the Literacy Basics Website

September 12, 2018

CLO is happy to announce that we are updating the five Service Delivery Modules on our [Literacy Basics](#) website. These free online training modules (Information and Referral, Assessment, Learner Plan Development and Exit and Follow Up) provide a detailed overview of the Literacy and Basic Skills service delivery in Ontario.

Practitioners who are new to the literacy field and Ontario's Adult Literacy Curriculum Framework will find a wealth of information and resources in these modules. They are also useful for those more experienced practitioners as a review and as a source of sample tools and resources.

We have started the revision of these important training tools, and **CLO is pleased to launch the updated [Exit & Follow Up](#) module!**

Stay tuned for more information as renovations are completed for each of these important modules.
