

July 8, 2021

As part of its 2021-2022 business plan, [QUILL Learning Network](#) will be holding three meetings of community-based LBS programs in southwestern Ontario. These meetings are design to support programs and build capacity. After each meeting, a Resource Bulletin will be shared. The first meeting was held in June 2021, and QUILL is pleased to present **Resource Bulletin #1**.

[Community Literacy of Ontario](#) is proud to be a partner in this initiative, along with Literacy Link South Central, Project Read Learning Network and the Tri-County Literacy Network.

For **Resource Bulletin #1**, QUILL and its partners collected many of the LBS resources produced during the past fiscal year by regional networks and support organizations. This list is not exhaustive, and it focuses on key areas of interest for practitioners.

Click [here](#) to access **Resource Bulletin #1**.

We are grateful to all of the organizations who shared their resources with us, and we hope that these resources are helpful to you.
