Community-Based Literacy and Basic Skills Agencies: Covid-19 Survey Results

In April 2020, [Community Literacy of Ontario](http://www.communityliteracyofontario.ca) and [Laubach Literacy Ontario](http://www.laubachliteracy.com) sent out a survey to community-based Literacy and Basic Skills agencies in Ontario.

We asked agencies about their needs, challenges and practices regarding operating their literacy agencies during COVID-19. We are pleased to share the summarized responses in this report: [Community-Based LBS Agencies: Covid-19 Survey Results](#).

We hope that our [Survey Report](#) captures the incredible dedication and innovation shown by program staff – as well as the serious challenges and issues facing Community-Based Literacy and Basic Skills programs during these very difficult times of COVID-19.

Delivering LBS Programming During the COVID-19 Pandemic CLO's Community-based Snapshot

On April 3, 2020, [Community Literacy of Ontario](http://www.communityliteracyofontario.ca) informally reached out by email to our community-based member agencies to see how they were coping in the early stages of the COVID-19 pandemic. CLO received responses from 39 agencies who shared their working realities with us and we want to share the aggregate information with you.

[Delivering LBS Programming During the COVID-19 Pandemic - CLO's Community-based Snapshot](#) showcases how adaptable, creative and dedicated community-based programs are as they deal with the restraints imposed due to COVID-19. We are certain that you will find inspiration in your colleagues' responses as you move forward with program delivery.
