

## CLO's Factsheets to Help Build Connections Between Employers and LBS

December 2021

Ontario's Literacy and Basic Skills programs have long served adult learners with employment goals. To support these learners, LBS programs often build relationships with local employers in order to connect learners with employment opportunities. In doing so, LBS educators can encounter barriers and challenges from both the learner and the employer.

Supporting adult learners with employment goals has long been a top priority and keen focus of literacy educators. In response, Community Literacy of Ontario (CLO) has researched and created three factsheets to create awareness and share strategies to help build connections between employers and adult learners in LBS programs.

CLO's **Factsheets to Help Build Connections Between Employers and LBS** cover the following topics:

- *Barriers to Employment Faced by Learners*
- *Challenges in Connecting Employers to Learners*
- *Strategies & Promising Practices*

Our factsheets can be freely downloaded from CLO's website at:

[www.communityliteracyofontario.ca/resources/publications/#employment](http://www.communityliteracyofontario.ca/resources/publications/#employment)

**AVAILABLE FOR FREE  
ON OUR WEBSITE!**

Learn about how LBS programs work to build connections with employers in this series of three comprehensive Fact Sheets.
