CLO's LBS Agency Survey: Human Resources, Funding, Learners, & Volunteers

Community Literacy of Ontario conducted a survey of Ontario's community-based literacy agencies in May 2022. The survey was sent to community-based literacy agencies that deliver English-language literacy instruction as part of Ontario's Literacy and Basic Skills Program. Survey results were collected online via Survey Monkey. Forty-three (43) agencies responded to some or all of the questions and the results have been compiled in this report.

Thank you to our members who took the time to fill out this important survey!

CLO's LBS Agency Survey can be freely downloaded from CLO's website:
