Community Literacy of Ontario is happy to share its newest resource with you:

## Digital Literacy Success Stories In Ontario's Community-Based LBS Agencies

For this helpful online newsletter, we researched eight digital literacy success stories occurring in a variety of community-based Literacy and Basic Skills agencies across Ontario. Thank you for sharing your stories with us!

Community-based LBS agencies have been involved in digital and blended learning to support adult students for many years. However, the advent of COVID-19 led to a strong increase in digital learning.

We hope that these success stories increase knowledge of the many innovative ways in which LBS agencies across the province are engaging in digital learning opportunities.
