March 31, 2021

On February 23, 2021, Community Literacy of Ontario (CLO) hosted a webinar, [Perspectives on Partnering and Planning in LBS](#), to explore service coordination activities and how they interconnect with learner plan development in Literacy and Basic Skills (LBS) agencies.

For those who were unable to attend, the webinar is freely available on CLO's website at <https://vimeo.com/521961800>. As well, we are sharing a summary that will provide you with an overview of [webinar highlights](#).

WEBINAR DESCRIPTION:

This is an informative webinar, looking at different views of Service Coordination as it interlinks with the stages of LBS Learner Plans. Through presentation and discussion, we explored:

- What is service coordination?
- What types of coordination are common in LBS?
- How can we integrate service coordination with learner plan development and supervision?
- What are some examples from various LBS delivery agencies across the province?
- How has the Covid 19 pandemic affected our service coordination?
- What can we do to build better bridges?

This webinar provides an opportunity for CLO to share some of its 2020 research on this important topic and will also provide participants an opportunity to share their experiences and knowledge.
